BOXING: KEY INFORMATION

THE EVENT IN A NUTSHELL

Olympic boxing bouts are disputed over three rounds of three minutes. Each round is scored by judges: 10-9 for a close round, 10-8 for a clear winner or 10-7 for total dominance. At the end of the bout, with the exception of a knockout, the scores of the 5 judges are added to determine the final winner.

After an initial draw, the competition follows a single-elimination format.

A BIT OF HISTORY

Boxing officially joined the Olympic Games programme at St. Louis in 1904 where the US dominated the medal table as it was the only nation entered in the competition. The first women's events were competed in London in 2012.

Historically, only amateur boxers have been allowed to compete at the Olympic Games. Since 2016, however, the events has also been open to professionals.
